

Education and Nurture Meeting

January 10, 2017

Nursery- Beth The nursery continues to run pretty well. We have a full complement of Angels and they are picking up their gifts (from the babies) as they rotate through their shifts. Note to self.....Angels don't like recognition!

Children's Church- All is good☺

Children's Ministries-Chris UMKids celebrated Christmas with a party and caroling on Dec 18th. They will be working on preparations for the spring musical, The Kingdom Connection, which is scheduled for April 30 during the 11 o'clock service.

Youth- Angelo Ski trip is set for Jan. 20~23, "Snow much fun!"
Mike's Farm outing on Dec. 16 was a good time for many.

College- Angee The college ministry is a little quiet right now. Students are steadily making their way back to their colleges after Christmas break.
I will soon be sending out a letter to all students, volunteers and parents regarding the end of year appreciation dinner and what will be requested of the students that have been the recipient of this wonderful mission.

I will be asking each student to plan to attend the appreciation dinner. And for them to have something planned to say to their church mouse. If they are unable to attend, I am requesting that they provide a letter of appreciation and to their church now for me to present to them at the dinner. I am including parents in this request to ensure that each church mouse is thanked.

I have some other ideas rolling around in my head about the dinner, more details to follow. I am looking into catering this event

Family Ministries-Bryson "Souper Supper is Jan. 29 from 5-6:30 with donations benefiting the Onslow Soup Kitchen. The run to support the Methodist Home for Children is scheduled for April 1st (no fooling")! We will have our first meeting next Tuesday, Jan. 10, and I will forward details to you after that meeting. I plan to put a save the date out in February and start advertising in March.

Sunday School-Anne Scott and Bonnie Bihary We still need a second teacher for Middle & High School classes. One idea is to combine the classes at least for opening lesson and then split for discussion; Anne will talk with the teachers, John and Wanda and get their feedback. Safe sanctuary training is set for Sunday, Jan. 15 at noon along with a luncheon in appreciation for their dedication and service.

Daycare-Becky

NEXT MEETING March 14, 2017 at 6:30 pm
