College- Angee The college ministry program is nearing its final months for the 18-19 school year. I will be sending out a reminder email to all the church mouse volunteers soon for them to reveal their identities via their last care package or letter in April. I plan to follow up in April this year with the college students to suggest that they send a thank you letter or something of that nature to their church mouse volunteer. Some volunteers have voiced concerns about never hearing back from their student. From experience, I know that some of the students will not respond. These are busy young adults right in the middle of finals and getting ready for summer. Just want to encourage them to show their thankfulness if they are able.

Family Ministries- all is quiet...still need a coordinator for this area

Sunday School- Megan Megan has sent a notice for SS teachers Needed for 2 yr old class, Pre-K, and K/1st grade to the bulletin, web, and Scoop. We discussed the idea of regrouping the SS classes to K-2nd and 3-5th; possibly try this summer.
