How can you support us?

Prayer, Volunteer, or Financial Support
are always appreciated.

"I have been volunteering at **Hope Mission Thrift Store** for almost a year and have learned some great lessons. I've met some very caring people, especially those in charge. I've enjoyed every minute of it. I have been able to see firsthand how **Hope Mission** provides the necessary tools and encouragement to support those wanting a chance at a better life and willing to work for it." - Gail Bednarz

"When asked, what does **Hope Mission** mean to me, I break it down to two words. **Hope** is what we all need. Be it a meal, shelter, some money in a tough time, a hand to drag us up out of the abyss we call life, etc. **Mission** to provide these hopes with a solution to make life in Carteret County a little better. That is **Hope Mission**, and what it means to me." - Robert "Sweetz" Hawk

"I didn't know what to do when someone recommended **Hope Mission**. They could help me pay my bill and help us through this tough time. I can't say enough good things about those at **Hope Mission** and I wish saying thank you was enough." - Outreach Client

"It was at **Hope Recovery** where I learned I was enough and that my life was worth living. I arrived exhausted and starving for so much more than food. At **Hope** I was provided structure, built boundaries and learned the importance of honest hard work. The people loved me until I could love myself. Today I am able to give back into the recovery community what was so freely given to me. If the only reason for my struggle is so I can look into another woman's eyes and say, "I know how you feel" then it was worth it. With almost 4 years of recovery it is only by the grace of God I am alive today. Long term **Recovery** is possible when you have a strong foundation of **Hope**." - Alison (Vick) Cole
