Liturgy of Celebration for our Graduates

God of beginnings and blessings,
today, we give you thanks for these graduates
and for the journey that has brought them here.

**We celebrate their hard work,
their perseverance and their growth.
We give thanks for families, teachers, friends,
and all who have encouraged them along the way.**

As they step into new opportunities and new responsibilities,
grant them courage when the road feels uncertain,
wisdom when choices must be made,
and compassion for all they meet.

**May they use their gifts faithfully,
serve others generously,
and trust that your Spirit goes before them
wherever life may lead.**

Remind them that success is not measured only by achievement,
but by love, integrity, and the difference they make in the world.

**And when challenges come,
may they remember they are never alone.
For nothing can separate us
from the love of God in Christ Jesus our Lord.**

This is a day of celebration and sending forth.

**Go with hope.
Go with courage.
Go with faith.
And may the grace of God guide you always. Amen.**
