zoe empowers

Join Us in Rwanda

February 17–26, 2027

A Partnership Becomes Personal

What if you could meet the young people whose lives our church is helping to change?

Through our partnership with Zoe Empowers, we have the opportunity to travel to Rwanda and meet our new empowerment group. We will also visit other groups, hear their stories, and see how young people are building businesses, supporting their families, and creating hopeful futures.

Beyond seeing the program firsthand, this trip offers something deeply personal: the chance to learn from one another, form friendships across cultures, and experience faith in action together.

We already have seven to eight people committed to going, and we would love for you to join us! If you have ever wondered about a trip like this, let's talk. You do not need to be ready to commit to ask questions and learn more.

Interested? Contact Linda Folger:
